### Visit the SuperHub for more charge details

You can view your bill, together with a full and detailed breakdown of all charges covered by this invoice in [SuperHub](#).

### Payment by Credit Card

A 1% surcharge applies to all payments by card. You can avoid this charge by electing to pay via Direct Debit each month.

### Failed payment fees

It is important that your direct debit or credit card details are kept up-to-date and there are sufficient funds in your account to cover payment. If we receive a failed payment advice and charge from your financial institution, Superloop will charge you a Failed Payment Fee as per the Terms & Conditions of your Superloop service.

### Unable to make a payment?

We're here to help. Customers experiencing financial hardship have a right to apply for short term assistance or long-term assistance and this assistance is provided free of charge. Our Payment Assistance Policy is located [here](#) on our website. The Policy describes the range of options that may assist you, the process for applying for payment assistance and the approach we take, including timeframes, for assessing your application.

### What assistance can we offer?

Options that may be available include temporarily extending time for payment, payment plans tailored to your ability to pay, or transferring you to a plan better suited to your circumstances. If you'd like to make an application, the payment assistance application form is also located [here](#) on our website.

Links to our Payment Assistance Policy and Application Form can be found in the "Payments" menu of the Superloop mobile app.
